EXPERIENCE

Substitute Teacher

January 2024 - Present

KELLY EDUCATION

- As an essentially on-call substitute, I would fill in vacancies from full-time teachers, and fulfill the duties expected of the teacher for the day. Above all, I would make sure students were safe. I provided the students with advice and communicated regularly with teachers. I was regularly referred back to teachers I had substituted for before, and enjoyed the work of a substitute.

Senior Guest Advisor

October 2022 – November 2023

GAMESTOP

- At GameStop, I was a senior guest advisor, meaning that I had to wear many hats. Not only did this mean that I was a manager most times, I was also in charge of guests. My responsibilities are broad and spanning, inventory, trades, and other counts that needed to be done, all the while juggling making sales metrics, customers, and orders. This job truly showed me how to be self-sufficient in the workplace.

Sales Representative and Junior Technician

February 2021 - September 2021

REPAIR BOSS

- At Repair Boss LLC, I was a sales representative, acting as a bridge from technicians to customers and selling device accessories. I am accustomed to working with customers to find out just what customers wanted. I also have had some experience in repairing devices and other procedural actions. Upon contact, you will hear that I left on good terms and was very amicable.

Barista

December 2020 - February 2021

BUBBLE TEA

- Being that this job was in food service, I always kept my workplace and utensils clean. I would follow a process to make each bubble tea drink. I also made teas and coffees for passerby. I would follow orders and always clean.

EDUCATION

Bachelor's Degree

University of Central Florida (UCF) Class of 2027

- Major in Computer Science
- Programming focus

Associates in Arts Degree

July 2024

Florida International University (FIU)

- Major in Computer Science
- Completed Coursework in Honors College
- Prospective Graduate of Honors college

SCHOOLING

CLASS OF 2023

MIAMI LAKES EDUCATIONAL CENTER, PROGRAMMING, IT

GPA - 4.44

Being from the #1 magnet school in America, as well as in one of the most strenuous magnet programs, I can balance what is on my plate and manage my time need be. Being from the Programming Strand, I have learned various programming languages, such as Python, C#, Java, and JavaScript

I am also well versed in the Microsoft Office Suite when communicating, using Word, PowerPoint, Outlook, and such

SKILLS

- Personable, and professional, able to make connections, even in a professional environment.
- Bilingual, speaking both English and Spanish
- Certified in Unity (2022)
- Prepared
- Experienced in navigating and going through the workplace environment.
- Able to digest large amounts of information.
- Certified in Python (2021)
- Experience in Java, Javascript, C#.

PROJECTS

The Wall - A Unity Capstone Project | Miami Lakes, FL

August 2022 - June 2023

- I handled all of the graphics, animation, and state machines for The Wall, coming out to be a Unity-based passion project for a final.
